

androidtv

Buy or rent the newest movies and shows way before they hit DVD — plus all your old favorites, too. Whether you're on Android or iOS, watch them on your TV, phone or tablet — even when you're offline.

Google Play is your entertainment unbound. It brings together all of the entertainment you love and helps you explore it in new ways, anytime, anywhere.

To watch TV in HD picture quality is to see and believe in the on-screen action. Catch additional detail in every scene for a more authentic viewer experience.

Experience the kind of audio that you would normally expect to hear in a movie theatre. Enjoy authentic-sounding dialogue and hear more of the on-screen action thanks to Dolby Audio™.

Discover the Netflix® button on your remote control to jump from one adventure to another.

Indulge your appetite for high-quality home entertainment. Enjoy countless movies and TV shows as well as award-winning Prime Originals.

Bringing you more ways to access HDR content, our TVs not only support the standard HDR video format, HDR10, but also Hybrid Log Gamma or "HLG". This compatibility with HLG future-proofs our models, so that one day you will be able to watch HDR over the air broadcasts.
